d. Major Water Leaks:

25X1 On 26 December 1983, two water lines burst due to
freezing and caused considerable damage to the entire Map Library
area. [] Management did take immediate action by having a
cleaning crew that worked all that night and part of the next
day. Since most of the telephone conduits and outlets have been
dried out, the majority of the employees are back at work.

On 27 December, water leaks also caused damage at
Central and South Buildings. GSA reported on Tuesday afternoon
that their employees were cleaning up and making necessary
repairs.

25X1 On 28 December water was pouring through a concrete
seam in the roof of [] GSA and [] personnel
25X1 have stopped the water flow with a temporary patch. []

3. Significant Events Anticipated During the Coming Week:

25X1 None. []
